- Coordinate efficient transportation of harvested fruit from estate to mills.
- Analyse field productivity data to identify areas for performance improvement (for daily activities and process improvement initiatives).
- Mentoring and upskilling of field workers.

### REQUIREMENTS

- Bachelor's degree in agriculture / forestry or a related field.
- Three to five years experience in agriculture or field based operations.
- Experience in a supervisory role.
- Independent, Proactive, eager to learn and results oriented.
- Strong social and interpersonal skills.
- Exposed to meeting and working with people from different cultures and backgrounds.
- Ideally has travelled outside home region or overseas (Asia would be beneficial).
- Willing to learn different languages.
- Comfortable to live and work in remote areas.
- Outdoor hobbies and sports interests.
- Relationship status: preferably single.

### WHAT IS ON OFFER

- Accelerated career growth opportunities.
- Competitive USD based salary.
- Housing.
- Transportation facility.
